

CLUB REDFERN

ABN: 86 001 864 437

17 May 2021

Dear Members

Although our state government reduced covid enforced restrictions to a degree yesterday, please be mindful of the need to continue to adhere to the clubs covid safety plan to ensure the health and safety of all patrons in our club at all times. This includes respecting the 2sq meter rule per person and the use of our QR code when entering the club.

The above requirements are in place for all persons entering the club for any manner of business the club offers such as yet not restricted to dining, wagering or attending meetings in small or large groups.

For further information pertaining to this please see me or refer the clubs covid safe plan on display in all general areas of the club.

Thank you for your co-operation

Anthony MacAlpine
General Manager
